MORGAN OPENED HIS STRONG BOX TO AID T. R.

FISHER AND KNOX SEE TROOPS

3800 Soldiers Pass in Review; Military Pageant at Schofield

[Special Star-Bulletin Aeronaut] SCHOFIELD BARRACKS, Oct. 3.—Greeted on their arrival with the thunder of cannon firing the salute due to members of the cabinet, Secretary of State Knox and Secretary of the Interior Fisher this morning witnessed the greatest review of troops ever held here.

Despite the fact that but little time had been given for preparation, the horse, foot and artillery turned out to the number of 3,800 men and in perfect alignment and with admirable precision, filed past the reviewing stand with a glitter of burnished arms and accoutrements in a manner to win enthusiastic plaudits from the distinguished visitors.

The organizations taking part in the spectacle were the First Infantry, commanded by Col. McGonigle; the Second Infantry, Col. French, commanding; the First Field Artillery, commanded by Major Cruikshank, and the Fifth Cavalry, commanded by Col. Wilder.

Each had its band.

Each organization was headed by its band, which struck up the regiment's particular melody as it approached the reviewing stand.

The review was held on the level plain just below the First Infantry camp. The Infantry, the First and Second, in the order named, came first, followed by the artillery and cavalry. The Infantry marched by but once. The artillery and cavalry wheeled at the end of the plain and came by a second time at the trot and then the cavalry thundered by for the third time at the gallop with a thousand sabres flashing in salute. This magnificent spectacle brought the ceremony to a close.

Knox Much Impressed. "The troops stationed at Schofield Barracks are one of the finest bodies of troops I have ever seen," said Secretary Knox. The scene was most impressive, and the evolutions were performed in such an excellent manner that it is hard to realize that there were 3,800 men taking part in the review.

Those in the reviewing line were Secretaries Knox and Fisher, Gen. M. Macomb, commanding the department; Colonel McGonigle, commanding the post; Major Cheatham, chief quartermaster; Captain Thomas, post adjutant; Captain Watkins, post quartermaster; Major de Witt, senior medical officer, and Lieut. Frank Andrews, aide de camp to General Macomb.

After the review the visitors were

KEWALO PLAN NOW AWAITS COURT RULING

Arguments Heard and Early Decision Expected on Big Project

INVOLVES FILLING OF LAND TO COST \$200,000

Contract Has Been Let and the Present Suit Is a Test Case

Within the next few days, probably early next week, a decision is expected from the supreme court that will enable the territory to begin its work of reclamation on the Kewalo project, an enterprise involving the filling and grading of a large area of land near Kakaako and the expenditure of something like \$200,000.

While the supreme court's decision may prove adverse to the territory, which is the defendant in the suit, this is not anticipated, and the big work probably will begin within the next two or three weeks. The contract already has been let to the Lord-Young Engineering company, which is merely awaiting this decision before starting active operations.

The suit is in the nature of a test case brought by Cecil Brown against the superintendent of public works, the territorial auditor, and other officials representing the territory, to ascertain definitely the legal authority of the government to proceed with the improvement, assess the cost against the privately-owned property affected and compel the owners to pay their pro rata shares. The law is plain enough on the point, but it has never been interpreted by the higher court, and the territory requires this interpretation in case it should be compelled to face injunction suits or protests by property-owners later.

The suit was filed by Senator Brown, who owns some land in that neighborhood, several weeks ago, but there has been some unavoidable delay in the hearings and the final argument was completed in supreme court only yesterday. Assistant Attorney General Arthur G. Smith appeared for the territory, and the firm of Thompson, Wilder, Watson & Lymer represented the plaintiff.

Circuit Judge Cooper this morning granted Virginia De Mello Barboza, widow of Joseph Barboza, damages in the sum of \$2,500 for the death of her husband, who died as the result of an accident at Kalihi when he was struck by an automobile driven by Edward Cluney. The widow sued for \$10,000, but the verdict is rendered as a result of a compromise effected between Cluney and the widow out of court.

The guests of Colonel McGonigle at lunch and afterwards the party went to Haleiwa for the afternoon.

CENTRAL FIGURES AT FINAL FISHER HEARING

FINANCIER GOT NOTHING FOR HIS HELP HE SAYS

Contributed In 1904, 1908; Not One Cent For 1912

[Associated Press Cable] WASHINGTON, D. C., Oct. 3.—J. Pierpont Morgan, testifying before the Senate Committee on campaign funds, today, said that in October, 1904, he contributed \$100,000 to aid Roosevelt's campaign, and \$50,000 more November 1 of the same year. He gave \$30,000 to the Republican campaign fund in 1908. He said he had not given a penny to the 1912 fund.

When asked what he had expected for making these contributions, Morgan said: "I never expected any returns, and I will add that I never got any."

Judge Duell, Roosevelt's pre-convention manager in New York, testified that each of the insurance companies contributed \$50,000 to the 1904 campaign.

Morgan did not appear reluctant to testify at any time during his appearance on the stand, and appeared rather bored by the proceedings.

Among the other distinguished financiers who are expected to appear this week are John D. Archbold, head of the Standard Oil Company, and Senator Boies Penrose of Pennsylvania, who, it is charged, handled some of the money contributed by the Standard Oil for the campaign.

Greeks Ordered Home To Fight

[Associated Press Cable] NEW YORK, Oct. 3.—The Greek Consul General here has commanded the steamer Macedonian and ordered it to load with ammunition to be dispatched for use of the Greeks in the event of war with Turkey over the Balkans. One hundred thousand Greeks in the United States who are members of the reserve, have been ordered to return home and fight for their country.

FINDS POL, DAIRIES AND MEAT ON MAUI ARE UP TO STANDARD

Blanchard Back from Long Trip—Inspects Winery and Se- cures Samples To Be Used in Comparing California Product

Food Commissioner Blanchard has just returned from a three weeks' trip to Maui, during which time he covered the whole of the island, making an inspection of the winery, the dairies, dairies, handling meat at the Raymond ranch, pineapple canneries and the stores, principally the ones carrying patent medicines.

"On the whole," said Blanchard this morning, "I found conditions at the places where the inspections were made, to be very good. Samples of the product of the winery were taken to be handled in connection with a study of California wines which is now being taken up. The output of the winery is smaller this year owing to the drought prevailing on the island now, but the quality of the product promises to be superior to that of other years."

"While it was impossible to make an analysis of the pol, the shons and methods of manufacture seemed to be entirely satisfactory, and compare favorably with the shops of Honolulu both in sanitation and standard of product. There are few dairies on Maui, and are hard to reach. I was rather surprised at the unusually good conditions under which milk is produced by them. The sanitary conditions of these dairies is probably better than the local dairies, although the quality of the milk produced is somewhat lower. This is due to the fact that the cattle are bred more for beef than for dairy purposes, and are fed poorer. A few months ago the Raymond ranch began the practice of slaughtering cattle before shipment, and shipping in cold storage to Honolulu. The ranch, slaughter house, and methods of refrigeration were given a thorough inspection."

"The two pineapple canneries on Maui are at the height of the coming season, and both expert to put out unusually large packs. The quality of the pack is exceptionally good, and both canneries are making preparations for a great increase in their output next year. They seem to be both experiencing the same difficulty in the disposal of their waste as the local cannery."

"A systematic inspection was made of the small stores of the country district, especially those handling patent medicines. Conditions were found to be as good as could be expected in the stores. However, any violations of

the pharmacy act especially among the Japanese storekeepers, were noted.

U. OF CHICAGO PARTY IS HERE

Visitors Met by Local Alumni and Informal Reunion Is Held

Chicago University's yell, heard on many a football field and at many a college rally, resounded from the hills around the Pali probably for the first time today, when a party of visitors from the big middle west institution, arriving on the Tenyo Maru, were met by local alumni and former students, and taken on a short sight-seeing tour.

At the Pali the party, gathered from three autos, congregated, and gave the "Go-Chica" yell with a will, led by the Rev. A. A. Ebersole, who in his college days was a yellmaster par excellence.

At the head of the visiting party is Dr. Herbert L. Willett, noted theologian and educator and faculty member of Chicago, where he is professor of Semitic languages and literature. Dr. Willett and his party are on a long tour of the Orient.

Among the local Chicago men who met the party today were Dr. S. D. Barnes, Mr. Ebersole and Riley H. Allen. At noon a luncheon was given at the University club, attended by eighteen, including visitors and local Chicago men and their wives. Maroon, the college color, was carried out in the table decorations. This afternoon the party is sightseeing and enjoying Waikiki beach.

In the party today were Dev. Dean B. Wickes and Mrs. Wickes. Mr. Wickes is a graduate of Chicago, class of 1905, and he and Mrs. Wickes are to represent the Central Church laymen in the mission field at Tungebow, North China. Mrs. Wickes is a Vassar girl. They were married on August 24, and will visit here for two weeks before continuing to China.

Hustace In Race To End, He Says, And Will Not Quit

Declares Petition and Its Signers Will Have No Effect on Him

"It doesn't matter how many people sign a petition asking me to withdraw, I shall run for the mayoralty just the same. I shall not quit under any circumstances." In these words Charles Hustace Jr., independent candidate for mayor of Honolulu, stated his position this morning. The statement was due to the publication of an article to the effect that a petition to which the names of 1000 white voters in the Fourth District would be prefixed, asking Hustace to withdraw, is in circulation.

"Why doesn't the Advertiser publish the names of those who signed my requisition," he continued, "instead of trying to make capital out of one particular name?"

Waxing warm, Mr. Hustace further stated that if the petition was presented to him by those who are trying to get him off the political map, he would turn them down so hard that

they would not dare poke their noses around his premises again.

"I am not going to withdraw my candidacy for mayor under any circumstances," he said. "I don't care how many people will sign a petition asking me to withdraw, I will not give up my fight. I am in to stay until defeated at the polls in November."

"It seems to me," he added, "that somebody is trying to throw me down in my fight; but I tell you that with the support I now have, I am certain that the contest between the three candidates for mayor will be a close one."

Asked if he has been approached by anyone unfavorable to his candidacy, Hustace answered in the negative. He intimated, however, that whatever happens from now on until the election day, he expects to get the support of those who he says promised it to him.

One of the leaders of the Hui Unions said this morning that the name of Hustace has been discussed by some of the members of the hui. The leaders at Republican headquarters—at least, those who had a conference this morning—wish to see something started in connection with asking Hustace to withdraw from running. In that event, they added, Col. Sam Parker, regular nominee of the Republican party for mayor, will have an easy run in the coming campaign. Colonel Parker called at the Republican headquarters this morning and was greeted warmly by those present.

Hilo Railroad Report Shows Earnings High

Passenger and Freight Business Indicates Big Increase Over 1911

For the twelve months ending June 30, 1912, the gross earnings of the Hilo Railroad Company were \$338,379.85, according to the thirteenth annual report of the president and board of directors to the stockholders. Operating expenses were \$181,335.24, leaving earnings net of operating expenses \$157,044.61. From this sum deduct fixed charges of \$125,913.45 and there is left \$31,131.16, to which add net earnings of Hakalau extension during construction, \$17,207.62, and there remains as total earnings \$48,338.78 for the fiscal year.

Gross earnings have steadily grown since 1908, when they were \$141,435.45, to 1912, when they were \$338,379.85, and the total net earnings over the same period from \$45,675.40 to \$157,044.61, except that there was a decrease of \$30 in the latter in 1911, when the increase in gross earnings was less than \$35.

Total passenger earnings, including mail, baggage and express, for the year just passed were \$67,118.91, as compared with \$39,398.44 for the previous year, an increase of \$27,720.47, or more than 70 per cent.

Big Freight Increase. Total freight revenue in 1911 was \$176,329.59, and for 1912 \$232,465.85, an increase of \$56,136.26, or nearly 32 per cent. In 1911 there were 185,465 tons of freight hauled, and 241,475 in 1912, an increase of 56,010 tons, or 30 per cent. "Of the total tonnage of freight hauled during the two years," says the report, "there were only 23,231 tons of sugar in 1911 and 26,597 in 1912. Less than 12 per cent. of the total freight in tons was represented in sugar from Olaa. The completion of the northern extension of the road will gradually develop the miscellaneous business along the line, in freight tonnage and passenger traffic."

During the fiscal year the stations of Onomea, Kawaiinui, Pepeekeo, Honoumua and Hakalau were opened to traffic. Up to writing of the report, September 10, 1912, the following number of bridges between Hilo and

PORTUGUESE WILL CELEBRATE FOR REPUBLIC

Consul General Issues Invitations for Big Ball on Saturday Night

A De Souza Carnavaro, Consul General of Portugal, is issuing invitations for a grand ball to be held in Lusitana Hall, Saturday night, to celebrate the second anniversary of the overthrow of the monarchy in Portugal and the establishment of a Republic.

The arrangements that are being made indicate that the affair will be one of the biggest of its kind ever held under the auspices of the Portuguese in the islands.

MURDERER AND CHILDREN MEET

Han Yau Sik, a Korean, charged with the murder of a countryman during a drunken orgie which took place on River street, was brought before the district court for a preliminary hearing this morning. The case was sent over until next Thursday. Three little children of the defendant court of a Chinese woman. They were granted permission to hold an impromptu visit with their father, who is in custody of the authorities.

Taking advantage of the court's leniency, several elder Koreans attempted to gain the ear of the man now facing a murder charge, but their plans were spoiled through the interference of court officials. Kealoha Kilani is alleged by his better half as having used undue force in his domestic dealings with her, and for this reason was placed under arrest charged with assault and battery. A reluctant spouse, however, fixed things for the erring Kealoha and he was bidden to go and sin no more. A suspended sentence will hover about the head of the defendant for a period of thirteen months. Chief McDuffie is back from a hunt

Expect Some Delay On The Governorship

Not Believed Any Appointment Will Be Made For Month or More

That there will be a delay of a month at least in action on the reapportionment of Governor Frear is the belief of those who have followed Secretary Fisher's investigations here closely and who are acquainted with the circumstances.

Secretary Fisher will not go directly from here to Washington, although he will be at the capital in a comparatively short time. He stops at several places enroute. Moreover, there is a great mass of testimony to be transcribed, some of which President Taft may wish to see. This testimony will be several weeks in reaching Washington.

There seems a general expectancy that Fisher will report to the President as soon as he reaches Washington, but also there is a tendency to believe that the President will not act until after the election and very possibly not until after Congress convenes for the winter session.

for illicit wine and liquor distilleries on the windward side of Oahu. An okolehao plant was discovered which had been left to its fate, the owners and operators having fled. McDuffie and his men wrecked the place, destroying 450 gallons of spirits in the process of making.

The still was completely riddled with bullets before the foraging party departed for Honolulu. No arrests were made.

The regular monthly meeting of the Humane Society was held yesterday morning. Miss Rose Davidson reported fifty-nine animal cases which she had personally investigated and attended to. The annual meeting of the society will be held October 23.

Robert A. Morton, a diver employed on the work at the drydock at Pearl Harbor, was arrested today on a warrant issued by U. S. District Attorney R. W. Breckons charging him with bigamy. He is accused of marrying Josephine Paulua here on August 31, while he had a wife in the state of Washington, Mrs. Emma Morton, from whom he was not divorced.
